### Natural and Long-Acting Mixture of Essential Oils

#### DOSAGE AND ADMINISTRATION:

- For prevention: 1 ml/10 liters of drinking water
- In Severe Cases: 1 ml/5 liters of drinking water

#### INDICATION:

VAX-COL is an anti-viral, anti-bacterial and anti-fungal drug. VAX-COL is a natural antioxidant that strengthens the immune system, and has anti-toxic properties. VAX-COL is a mucolytic, bronchodilator effective in relieving respiratory system problems like dyspnea during high temperatures or during bacterial or viral infections. It improves respiratory system performance and is a good appetizer.
